Making the internet safer for you to enjoy

Explore the great online, securely protected by award-winning ESET NOD32 detection technology. It's trusted by over 110 million users worldwide to detect and neutralize all types of digital threats, including viruses, rootkits, worms and spyware. It also protects against techniques that seek to evade detection, and blocks targeted attacks and exploits. At the same time, its Anti-Phishing feature protects you from illegitimate websites that try to access your sensitive information, such as usernames and passwords.

Antivirus and Antispyware	Provides proactive protection against all types of online and offline threats and prevents malware spreading to other users
Anti-Phishing	Protects your privacy and assets against attempts by fake websites to acquire sensitive information such as usernames, passwords or banking details
Exploit Blocker	Blocks attacks specifically designed to evade antivirus detection and eliminates lockscreens and ransomware Protects against attacks on web browsers, PDF readers and other applications, including Java-based software
Advanced Memory Scanner	Enables improved detection of persistent malware that employs multiple layers of encryption to conceal its activity
Cloud-Powered Scanning	Speeds up scans by whitelisting safe files based on the ESET Live Grid [®] file reputation database Helps to proactively stop unknown malware based on its behavior, by comparing it with our cloud-based reputation system
Scan While Downloading Files	Decreases scanning time by scanning specific file types – such as archives – during the download process
Idle-State Scanning	Aids system performance by performing in-depth scans when your computer is not in use Helps detect potential inactive threats before they can cause damage
Device Control	Allows you to prevent unauthorized copying of your private data to external devices Allows you to block storage media – CDs, DVDs, USB sticks and disk storage devices Lets you block devices connecting via Bluetooth, FireWire and serial/parallel ports
Host-Based Intrusion Prevention System (HIPS)	Lets you customize the behavior of the system in greater detail Gives you the option to specify rules for system registry, active processes and programs to fine-tune your security posture
Script-Based Attack Protection	Detects attacks by malicious scripts that try to exploit Windows PowerShell Also detects malicious JavaScripts that can attack via your browser. Mozilla Firefox, Google Chrome, Microsoft Internet Explorer and Microsoft Edge browsers are all supported

NEW

Enjoy the full power of your computer

Leaving more power to the programs you use daily, ESET NOD32 Antivirus 10 lets you play, work and browse the internet without slowdowns. Stay unplugged and online longer with battery-saving mode, and enjoy gaming without distracting pop-ups.

Small System Footprint	Maintains high performance and extends the lifetime of hardware Fits any type of system environment Saves internet bandwidth with extremely small update packages
Gamer Mode	ESET NOD32 Antivirus 10 automatically switches to silent mode if any program is run in full-screen System updates and notifications are postponed to save resources for gaming, video, photos or presentations
Portable Computer Support	Postpones all non-actionable pop-up windows, updates and system-hungry activities to preserve system resources so that you can focus on gaming or films

Install and forget, or customize to meet your exact requirements

Delivering top protection right from the start with its default settings, ESET NOD32 Antivirus 10 keeps you informed about potential security issues and lets you address them directly from the main screen. Its sleek user interface is designed to let you easily set up all routine tasks. In addition, you can fine-tune your security profile with more than 150 detailed settings.

One-Click Solution	Lets you view your protection status and access the most frequently used tools from all screens Offers comprehensive, one-click solutions to potential issues
Smooth Product Upgrades	Benefit from new protection technologies as soon as they become available, for a continuously high level of security
Settings for Advanced Users	Offers in-depth security settings to fit your needs Allows you to define maximum scanning depth, scanning time, size of the scanned files and archives, and much more
ESET SysInspector®	An advanced diagnostic tool that captures critical information from the system to troubleshoot a broad range of security and compatibility issues
